IT PROJECTS EXPERIENCE

Technoprenuership

Subject Tenchnoprenuership | Sem 5 (Group Project)

Nov 2024 - Jan 2025

- Proposed and conceptualized POP!Work, a job-matching platform addressing real-world employment challenges.
- Identified and analyzed the problem statement, target users, and value proposition.
- Conducted market research and competitor analysis to validate the idea and identify differentiation.
- Developed a Minimum Viable Product (MVP) focusing on core features and user needs.
- Prepared and delivered a startup pitch presentation to the lecturer, demonstrating business viability and product potential.

UI/UX POP!Work

Subject UI/UX | Sem 6 (Group Project)

March 2025 - June 2025

- Designed UI/UX for real-time chat and anonymous messaging features, focusing on usability, privacy, and accessibility.
- Conducted requirement gathering through user research, surveys, and stakeholder discussions to define functional and user needs.
- Translated user requirements into user flows, wireframes, and high-fidelity prototypes using Figma.
- Collaborated with team members to ensure designs aligned with system requirements and user expectations.
